# General Terms and Conditions for Delivery, Payment and Commissioning of BRABUS GmbH

## A. General

- The conditions stated hereinafter shall apply to all – even future – deliveries of goods and provisional services of BRABUS GmbH (hereinafter referred to as “BRABUS”). Conflicting General Terms and Conditions of the respective contractual partner are exclusively rejected. Such General Terms and Conditions of a contractual partner shall not bind us even if we did not object to them explicitly or if we provide goods or services without reservation although we know about contrary or deviating conditions.
- Deviations from our Delivery and Payment Conditions are therefore only binding, if they have been fixed in the respective contract in writing and have been confirmed in writing by us.
- The conditions stated hereinafter shall apply in general to all our contractual partners, i.e. all individuals or legal entities of associations of persons having legal capacity according to private law as well as legal entities of public law or public law special funds, regardless whether they are merchants as defined by HGB of entrepreneurs or consumers as defined by BGB. Deviating special provisions, in particular for consumers, shall be set out specifically.

## B. Conclusion of contract

Our offers remain subject to being sold. Conclusions of contract and other agreements, in particular oral collateral agreements and guarantees of employees or representatives, may be binding only with our written confirmation.

## C. Prices

- Our prices for deliveries are ex works, except as otherwise specified in our confirmation of order. Packing, freight, postage, insurance and delivery fees shall be charged separately.
- Prices for repairing, installation and other services are in principle chargeable with respect to the respective expense. However, manhours are chargeable with respect to the respective catalogue for working value in the event our respective price catalogue does not contain appropriate quotations. Respective decisive catalogue prices may be charged for employed parts.
- Price quotations in brochures and catalogues are only binding, provided such brochures and catalogues are still valid in the event of placing a purchase order and our confirmation of order does not state any deviations.
- Our respective stipulated gross prices shall be applicable for consumers. Statutory sales tax for price quotations are not included in business tradings with entrepreneurs or merchants. The statutory amount of such sales tax may be set out separately in the respective invoice.

## D. Conditions for payment

- Except as otherwise specified in our confirmation of order, our invoices shall be paid until the 5th of the following month, in which the invoice has been issued, without any deduction. Invoices for repairing and installations for earmarked vehicles as well as invoices for deliveries of vehicles shall be paid before or with collection of such vehicles. Payments by cheque shall be done by LZB-cheque.
- In the event, the payment term pursuant to figure 1 sentence 1 is exceeded, the contractual partner will be in default. In such a case, we are entitled to charge interest amounting to 5 % over the discount rate of the European Central Bank towards consumers and interest amounting to 8 % over the discount rate towards other customers. The assertion of further damages caused by default remains reserved. Sec. 353 HGB remains unaffected.
- In case of part deliveries or part performances, BRABUS is entitled to refuse the performance of services still to be rendered under the contract in the event of a delayed payment of the contractual partner until the outstanding balances are settled. Further, BRABUS is entitled to demand cash on deliveries divergent to the provisions set forth in figure 1 regarding remaining services still to be provided.
- The non-observance of conditions for payment, occurrence of default or other circumstances minimizing the credit-worthiness of the contractual partner are entitling BRABUS to accelerate immediate maturity of claims arising from current business relations.
- The contractual partner obtains the right to set off with counterclaims only in the event, such counterclaims have become res judicata, are uncontested or have been acknowledged by us. The contractual partner is only authorized to exercise a right of retention, if the counterclaim is based on the same contractual relation.

## E. Term and dates of delivery

- Terms and dates of delivery are only approximately information, provided that such terms and dates have been designated in writing and explicitly as binding. The term of delivery for purchase order commences the day of confirmation of order by us. However, the commencement shall not be effected before clarification of all technical and commercial details as well as presentation of permissions, if necessary. Any modifications regarding the delivery of the contractual object requested by the contractual partner within the term of delivery shall interrupt and extend the term of delivery accordingly. Term of delivery in connection with the execution of installation, repairing and commissioning contract shall not commence before confirmation of order and placing at the contractual partner's disposal respectively availability of the vehicle to be executed with such works. As for the rest, the provisions as stipulated in sentences 2 and 3 apply correspondingly.
- In case of force majeure, such as delayed deliveries by the subcontractor, strike, lock-out, shortage of material, official actions as well as other acts of God, the respective term of delivery respectively term of performance shall be extended with the period between the commencement and the cessation of such event.
- In case of non-availability respectively non-performance of services caused by essential aggravation or impossibility, BRABUS is entitled to rescind the contract without being committed to claims for damages, if BRABUS has notified the respective contractual partner immediately about the non-availability of the contractual services and has undertaken simultaneously to compensate counterparties already collected. The contractual partner is authorized to demand a declaration whether we intend to rescind the contract or to deliver within a reasonable time limit after being notified about such occurrence. If we fail to provide such declaration, the contractual partner may rescind the contract. The contractual partner is not entitled to reject part deliveries or part performances, unless a legitimate interest for such rejection is given. Statutory claims of the contractual partner to be enforced in lieu of claims for damages or to be asserted simultaneously with a claim of damages remain unaffected.
- If BRABUS is in default with contractual services, the contractual partner is obliged to grant in writing a reasonable period of grace for performance.
